

VACANCY
Mathematics Graduate Mentor
Fixed Contract January 2021 – July 2021
(Pay Level 1 SCP 3 £18,562)
Term Time

We are looking to appoint a highly motivated Mathematics Graduate Mentor to work with identified students in Years 7-11.

During lockdown some students lost learning, misunderstood content or made gains in their knowledge and require targeted one to one or small group tuition to address gaps. The interventions will be carefully targeted through identification and assessment of need.

The graduate mentors will be under the direction of the Academic Year Leaders and Heads of Faculty and will plan and deliver targeted tuition sessions in Mathematics up to GCSE.

As part of SECAT we offer excellent CPD opportunities and support through our network of experienced professionals and access to the Local Government Pension Scheme.

The school has a commitment to safeguarding and promoting the welfare of children.
